Enchanted Horse-Drawn Carriages

A MEMORY THAT
WILL LAST
A LIFETIME

Horse-Drawn Carriages for All Occasions

Formerly known as Circle 7 Stables, North Jersey Carriage Company has been family owned and operated since 1945. We take great pride in our professional and courteous service. Our goal is to make your day memorable.

What sets us apart is we base our services on differentiation and quality. When you reserve your day with us our only focus will be you and your wedding. No rushing, no confusion, no interruptions... You are in the spotlight! We include with our carriages a red carpet, and an assistant to help you and your loved one in and out of the carriage. Available by request, we will provide a memorable keepsake horseshoe from a horse used in your wedding.

Choose between a black pair or white pair of purebred registered Percheron horses; a French breed that was first imported into the United States in 1830 in Moorestown, New Jersey. Our driving harness are made by the Amish, world renowned for their craftsmanship with leather goods. All of our carriage packages include a Plume (for each horse) and black painted hooves.

We have several carriages to choose from: a *Vis-à-vis* (standard white carriage), a customized "*stretched*" *Vis-à-vis*, and our flagship custom Canadian "*Cinderella*" Carriage.

All carriages are fully covered for inclement weather and can be converted for good weather.

All of our equipment is garage kept, thoroughly cleaned and polished before and after *every* event!

Our Wedding Service

Our wedding service consists of picking up the bride in the horse and carriage from a distance within 2 miles of the ceremony. We will wait outside the front doors of the ceremony until the newlyweds come out to board the carriage and will drive them up to 3 miles to their reception and/or location for pictures. This is a standard service which most brides prefer however, you can fully customize our services to your specific needs. Please ask about availability of our exquisite "Trumpeteers!"*

Truly a memorable experience!

**Please take into account for time, horses will not travel faster than a trot (which is a slow jog). Also, allowance for travel distance will be greatly reduced for inclines and declines.*
